

Health and Safety in Employment (Pressure Equipment, Cranes and Passenger Ropeways) Regulations 1999

Notice of Exemption for Equipment under the Health and Safety in Employment (Pressure Equipment, Cranes and Passenger Ropeways) Regulations 1999¹

Pursuant to Regulation 6 of the Health and Safety in Employment (Pressure Equipment, Cranes and Passenger Ropeways) Regulations 1999, I, Richard Steel, Manager, Technical Support Services, in exercise of the powers delegated to me by the Secretary of Labour, give notice of exemption from the requirements of these Regulations for design verification of the following equipment:

- Tower crane foundations
- Self-erecting tower crane foundations
- Gantry cranes (including goliath, semi-goliath and container types) long travel beams/rails and associated supporting structures
- Supporting structures and the main runway beam of monorail cranes
- Supporting structures and foundations of pillar and jib cranes

as specified in the *Approved Code of Practice for Cranes (3rd edition)*, which comes into effect on **Thursday, 7 January 2010**.

This exemption is subject to the condition that the above-named equipment is certified by a chartered professional engineer with respect to design, construction and non-destructive testing, as relevant.

The structural certificate issued must specify:

1. Design standards referenced
2. Maximum permissible safe working load and any load limitations or conditions
3. Details of equipment that may be used on the certified structure.

The exemptions and conditions will take effect on **Thursday, 7 January 2010**.

Dated at Wellington this 11th day of December 2009.

RICHARD STEEL, Manager, Technical Support Services, Workplace Services,
Department of Labour.

Notice of Exemption for Equipment under the Health and Safety in Employment (Pressure Equipment, Cranes and Passenger Ropeways) Regulations 1999²

Pursuant to Regulation 6 of the Health and Safety in Employment (Pressure Equipment, Cranes, and Passenger Ropeways) Regulations 1999, I, Richard Steel, Manager, Technical Support Services, in exercise of the powers delegated to me by the Secretary of Labour, give notice of exemption from the requirements of these Regulations for design verification of the following equipment:

- Truck loader-type cranes under 15 tonne-metre safe working load-moment capacity in service in New Zealand as at 1 February 2010.

This exemption is subject to the condition that that above-named equipment is assessed by an equipment inspector employed or engaged by an inspection body with respect to design, construction and non-destructive testing, as relevant, inspected and load tested.

An inspection body may then issue a certification of inspection on the recommendation of the equipment inspector.

This exemption will take effect on **Thursday, 7 January 2010**.

Dated at Wellington this 11th day of December 2009.

RICHARD STEEL, Manager, Technical Support Services, Department of Labour.
